ABOUT & VISION

Hub Trains Leaders

Our vision is to make disciples and extend the Kingdom of God by training leaders in the Vineyard movement. We do this through resourcing local church communities in their effort to raise up the next generation of leadership. This is currently being accomplished through the two year Pioneering Leadership Programme.

Training Over 2 Years

The pioneering leader programme is a two year rolling enrolment programme. We meet monthly, nine times a year in over 20 learning communities around the country. Additional experience is gained in the local church leading right where you are.

Who is Hub Pioneering Leaders Programme For?

Hub's goal is to train multiplying leaders. The programme exists for those who are self-motivated to grow in their leadership capacity towards that end. This could be, but is not limited to; someone looking to grow their ministry team, multiply small groups, church plant or join the staff team of an existing church.

You may know exactly what that next step is, or you may spend time in Hub discerning that step, but either way you know part of that invitation is to get more training.

In the Local Church

Hub functions in the local church. Hub exists to serve the local church. We endeavour to aid and resource the local church in leadership training and development nation-wide. Hub is designed to help students apply what they are learning to the areas they are already serving in at their home church.

Cost

Hub is free to those recommended by their senior pastor and is financed by Vineyard Churches and the hosting churches. We are grateful for this investment and expect the highest commitment from our students as they invest and develop ministry skills in their local churches.

MY NEXT STEP IN HUB

What are we looking for in a Hub Student?

Someone who is:

- Serving, giving, and leading in the life of their local church
- Leading a small group and/or heading up an area of ministry
- Personally expressing and sensing a call to pioneering leadership
- Evidence of spiritual and emotional maturity
- Demonstrating relational maturity - friendships/ relationships/ marriage/ family and children.

If you wish to proceed:

We encourage you to talk this through with your Senior Pastor/ Leader before beginning the application process. It is important that there is agreement from your local church to invest in your leadership development, both *practically* and *relationally*:

Practically, by providing opportunities for you to grow and develop your leadership skills through applying what you learn in Hub to the things you lead in your local church.

Relationally, through mentoring relationship either directly with your Senior Pastor or with another member of pastoral staff who will spend time coaching, encouraging and challenging you to pursue God's call upon your life

Academic Year:

Terms start in January, April, and September. You can apply to start at any of these points.
